

# WELLS' WATCH CHAIN FOR RAILROAD MEN

## The Strongest Made

The Wells' Heavy-Duty Chain made especially for Railroad Men—**CAN-NOT KINK—CANNOT TWIST—CANNOT BREAK** (See Guarantee). The "Safety Lock" Swivel (an exclusive feature) locks your watch on the chain with a screw. There is no spring to lose its tension. **Every joint is soldered.** The entire chain is 14 Kt. gold filled to 1/10th of its weight. (The average is only 1/20th part gold.)

Your work demands that you carry a fine watch. Your watch demands the protection **only a Wells' Chain** can give it.

Let us send you postpaid, a Heavy-Duty Chain. After examining it you may send us your check or money order and wear the chain for ten days. If it does not satisfy, mail it back and we will refund your money at once.

### PRICES.

No. 8333 (Recommended for conductors, etc.), \$8.25, \$10, \$12.

No. 8342 (Enginemen), \$12.00.

### GUARANTEE

If, at any time your Wells' Heavy-Duty Chain breaks, or the plate wears off, we will replace it with a brand new chain, free of all charge.

Write for booklet containing complete information.

## THE DEMAND IS NATION WIDE

—Because of NAWCO'S E. S.

From Coast to Coast; from Canada to the Gulf, insistent demands are pouring in, requesting us to supply the immediate requirements for more Nawco Heavy Duty Dustproof Patented Railroad Model Cases.

Railroad men have already acknowledged this to be the ideal watch case for their particular line of work; while Lumbermen, the Police, State Troopers, Firemen, Contractors and many others too, have accepted this model as being the one best suited for their precise requirements.

A certain well-known General Supervisor of Railroad Time Service recently visited our organization and was pleased to state, "No better or more practical railroad case has ever before been made."

Accuracy in your profession is paramount! You must insure absolute protection to your delicate watch mechanism. This can be safely accomplished by encasing your movement in the Nawco Heavy Duty Dustproof Patented Railroad Model Case.

Accept no substitute, but demand the genuine NAWCO Heavy Duty Case. Your Railroad inspector will show you this model—Ask him!

If your dealer cannot supply your requirements, send us his name and we will see that you are.

*"The hardness of the gold in Nawco gold-filled cases adds years of good service."*
